

Greetings from Granada!!!

If you are a selected student for our Faculty for 2024/25, you are welcome to fill the online application until **10th of May 2024**. We are aware that it can be a bit stressful to go through application procedures and we would like to reassure and guide you by having an **“online Meeting” on Thursday, 2nd of May from 12:00 to 13:00** (CET time-Spanish hour).

Here is the link in which we will be holding it: <https://meet.google.com/bof-ammu-zpt>

Do not miss it, you will be able to ask all your doubts.

What are we going to talk about here?

- Deadline to fill online application is next 10th of May and here is the link:
https://oficinavirtual.ugr.es/apli/intercambio/alumnos_in/index.html
- Selection of the courses (tentative plan of study)
- Acceptance letters will be sent by mid-June.
- All applications of students selected by our partner universities will be accepted (only some changes in course choice may happen).
- Those who haven't uploaded a copy of the ID are still in time to do so and the same applies for those who haven't selected any course (select at least one course).
- Uploading a Spanish language certificate/report/statement (we are very flexible but a certain level of Spanish is required)
- If you want to select courses taught at other Faculties you cannot include them now while applying online. Then, how to do it?

Last but not least, we are going to create the BROADCAST Whatsapp group of incoming students at our Faculty. If you are interested in being included in this broadcast group please write to our WhatsApp: **+34608011763** and tell us your name and surname.

We are looking forward to welcome you in September!!

Best wishes,

Internationalization Office (Susana and Patricia).
